Jon Parent Joins Valley ComputerWorks

HADLEY, Massachusetts < Valley ComputerWorks is pleased to announce that Jon Parent is joining the company as a master account rep as of December 6.

Jon is a veteran IT professional who comes to Valley ComputerWorks with a long track record for providing clients with outstanding service. He is known for his rare combination of great technological know-how, outstanding interpersonal skills, and deep understanding of client business reliance on technology.

Valley ComputerWorks is the leading computer consulting, sales and service business in the Pioneer Valley. We provide cutting edge technology solutions, priority support, IT consulting and preventative maintenance to businesses and individual customers. Our team of highly trained professional staff includes award winning friendly technicians, technology consultants, software and database engineers, EMR Implementation Specialists, SharePoint designers, low-voltage wiring technicians, web site developers, graphic artists, professional photographers, and more. www.vcw.com
